

Two-colour foam without cut-outs

Reference : 164

Description :

Workstation accessories, two-colour foam for plastic containers without cut-outs

Benefits :

- The two-colour foam is very useful for Lean manufacturing, 5S or just for a better organization of your workshop.
- Simple, fast and easy to use. Use a slider to cut out the location of your object.
- For neat and tidy tools, which allows you to see at a glance if one is missing.
- Models compatible with most of the workshop drawers in our range.
- It is made of polyethylene foam (PE foam).
