

## Magnetic stainless steel board | STAINLESS STEEL BOARD

*Reference : 242*

### Description :

These magnetic Stainless Steel Board are intended for use in demanding environments such as food processing, health care, chemicals, etc. Visual management can therefore be implemented in any environment. Documents and indicators are normally laid out using the PRODOC system (magnetic or adhesive document covers), in formats from A6 to A3 coupled with 14 colours that are chosen according to the topic. PRODOC ETANCHE, waterproof on all four sides, is ideal for use in damp environments. - STAINLESS STEEL grade used: 4509L

### Benefits :

- The stainless steel magnetic scoreboard is made of high quality stainless steel: 4509L.
- Customizable with magnetic accessories.
- These magnetic stainless steel scoreboards are dedicated to use in difficult environments such as: food, medical, chemical, etc.
- A modern look and contemporary design for a bulletin board that fits perfectly into a workspace.
