## Transparent KANBAN cards | KANBAN transparent card

Reference : 267

Description :

This revolutionary and highly original LEANFLASH range is based on the use of a versatile card with unique dimensions for multi-use. The same card can be used differently for the various KANBAN follow-up.

Benefits :

- This transparent universal card with unique dimensions of 70 x 100 mm can be used for all your Kanban projects.

- Versatile and multi-purpose, customize your card with ease according to your needs (product references, barcodes, suppliers, etc.).

- For even greater simplicity, print your information on paper directly in the right format using SESA'PRINT.
