
Plastic dispenser bin

Reference : 602

Description :

This plastic dispenser tray is an accessory for workstations. It can be clipped onto a rail and allows different parts to be available.

Benefits :

- The large label holder allows components and their properties to be displayed quickly and clearly.
- The dispenser tray allows small parts to be supplied to the workplace in a very ergonomic way.
- Simple, fast and easy to clip onto a multifunctional rail.
- The slight ribbing in the withdrawal surface makes it easier to grip small parts.
