

KANBAN FIFO scheduling stand | LEANFLASH FIFOFIELD

Reference : 636

Description :

An original concept is to form a queue to level out production or shipment. The capacity of 150 cards will be split according to the ideal level by colored thresholds (green, yellow, red magnetic tapes) defined by magnetic stripes. This product can also match FIFO applications with big capacities. - Use of colours or universal Kanban cards
- Provided with 3 magnetic tapes to cut by yourself (green, yellow, red)

Benefits :

- This Kanban planning support designed to create a queue makes it easy to set up FIFO management (first in, first out).
- This transparent magnetic holder has a capacity of 150 Kanban cards: we recommend that you use universal or colour cards.
- The 3 magnetic strips of colors provided allow you to visually define up to 3 thresholds in order to ensure the proper monitoring of your production or logistics.
