

Adhesive pictogram Prohibited to store for ground marking | Adhesive pictogram Prohibited to store

Reference : 14849

Description :

The adhesive pictogram on the ground prohibiting storage allows rapid signaling of areas where storage is prohibited. -

3 models: Electrical hazard, evacuation outlet, fire extinguisher

- Half-moon cutout

- Size: L 610 x D 305 mm

Benefits :

- Immediately identifiable, these ground pictograms make it possible to mark areas where storage is prohibited.

- 3 models to choose from to indicate and secure key locations: electrical cabinet, emergency exit and fire extinguisher.

- Thanks to the EXTRA quality, these non-slip adhesives are very resistant and durable over time.

- Easy to install, these adhesive pictograms adapt to smooth, porous, irregular floors.
