
ESD tray coating with ground connection | ESD Coating

Reference : 14894

Description :

Safe dissipation of electrostatic discharges (ESD) is a basic requirement for workstations. The ESD coating protects the operator on any work surface.

Benefits :

- The ESD coating with earthing connection protects the operator on any work surface.
- Available in several widths from 800 to 2000 mm to fit the melamine tray.
- Simple and quick to fasten to the existing work surface.

Technical specifications :

Product Name	ESD tray coating with ground connection ESD Coating
SKU	14894
Weight (kg)	1.000000
Application	Accessoires poste de travail
