
Variable LED lamp 16W | LED lamp 16W*Reference : 14916*

Description :

This light on an articulated arm is both variable and functional due to its 3D tiltable head.- Its LED technology and colour temperature (5000k neutral white) ensures you will have an extremely well-lit working surface. Ideal for precision work.

- A touch button located on the top of the lamp allows you to easily switch it on/off and adjust the brightness.
- Finely adjustable arm.
- 3D movement of the head
- Light body in anodised aluminium and grey plastic
- IP 20 protection rating
- Head dimensions: 360 x 80 x 22.5 mm
- Built-in supply block and wiring inside the arm for connection to the mains supply.

Benefits :

- Strong and highly precise light for work surface lighting
- Ergonomic and functional thanks to a 3D tiltable head
- Maintenance-free LED technology offering a powerful and homogeneous light
- Built-in supply block and wiring inside the arm for connection to the mains supply
- Finely adjustable articulated arm offering a wide range of use.
- Exceptional light quality for an extremely well-lit working surface
