

# **DATA SHEET**

# Flat screen arm | Flat screen arm

Reference: 15588

# **Description:**

This screen arm is used to attach a flat screen to the articulated keyboard support (code 211512). Ideal solution on a desk or a workstation, this fixing eliminates the need for the screen foot and thus saves space.

#### Benefits:

- Ideal solution on a desk or workstation, this mounting makes it possible to do without the foot of the screen and thus save space.
- This arm makes it easy to attach a flat screen to the articulated keyboard support (code 211512).
- Can support all flat screens that meet the VESA 100 standard.
