
LED directional lamp 24W | LED lamp 24W*Reference : 18235*

Description :

The directional light is both variable and functional thanks to its 3D articulating head. Ideal for precision work.- Its LED technology and color temperature (neutral white 5000k) allow you to obtain an extremely well-lit work surface.

- Membrane switch on the head of the luminaire for switching on / off and dimming.
- Spring-compensated arm, with 3D articulation at the head
- Case in anodized aluminum and black plastic
- Protection class IP 20, protection class 2
- Head dimensions: 398 x 136 x 33 mm
- Desktop power supply unit with integrated CEE 7/7 plug (2P + E plug)

Benefits :

- Robust aluminum housing
- Movable and balanced articulated arm, offering a very large radius of action
- Maintenance-free LED technology
- Exceptional light quality for an extremely well-lit work surface
- Also available in antistatic version
