

Electrical aluminium support for E-MEETING

Reference : 18533

Description :

This robust electric aluminum support allows you to fix your E-MEETING 55", 65" and 75" interactive touch screen in order to provide better comfort and promote the use of good postures at work. - Solid steel base (grey epoxy paint) on 4 castors with brakes

- Electric cylinder controlled by a simple control panel with up and down keys
- 650 mm elevation

Benefits :

- Ideal to avoid drilling your walls and wall fixing
- Quick and easy height adjustment thanks to the simple control with up and down buttons
- Shelf on pivoting arm (optional) to place your laptop, styluses or documents without cluttering up your workspace
- Perfect stability
- Aluminum design that blends into all environments (offices / production)
