

Packing table | PACKINGPOST 3000 DUO

Reference : 18615

Description :

The versatile and scalable |PACKINGPOST 3000 DUO packing table is essential for streamlining production flows in the shipping and logistics sectors. It will allow you to carry out packaging operations with maximum comfort and safety and thus improve daily performance. It is both practical, because it combines 2 tables in 1, and very economical, compared to the purchase of 2 individual workstations. Customizable with all the accessories of the QUALIPOST range, it integrates all the components (support for taping machine, storage bin, drawer, support for roll) immediately available to operators to adapt to their needs. - Chassis on grooved anodized aluminium structure

- Sturdy steel base (epoxy gray color) on four legs
- 27 mm/1.06 Inch thick top, in laminate with shockproof PVC edges
- Kit of 4 designer swivel castors Ø 100 mm/3.94 Inch with brake sold separately (code 541052)

Benefits :

- Indispensable for classic packaging operations.
- Allows you to easily carry out 2 operations in succession.
- Both practical, because it combines 2 tables in 1, and very economical, compared to the purchase of 2 individual workstations.
- Available in several widths from 1200 to 2000 mm.
- Robust steel base on 4 legs to support loads of up to 500 kg.
- Customizable with all the accessories thanks to the grooved anodized aluminium upright.
