

Dynamic and connected digital display | E-LEANBOARD

Reference : 82

Description :

The connected digital screen |E-LEANBOARD is dedicated to the management of several types of digital animations in the spirit of INDUSTRY 4.0 with great ease in displaying dynamic indicators. A team leader will animate his meeting by broadcasting his performance indicators by pushing the content from his PC on the E-LEANBOARD screen. A manager will thus be able to connect directly to present and animate his information in a meeting in an E-Obeya (Lean management) room. We offer the SESA SLIDES platform for the management and distribution of all content in the form of a slideshow. - 4K UHD resolution

- VA LED panel for exceptional colors and image quality
- Android operating system
- Available in 43", 55" and 65"
