
Plastic storage bin

Reference : 14911

Description :

Plastic spout bin

Benefits :

- Extremely resistant polypropylene bin.
- Easy identification by the large label holder.
- The spout box is ideal for storage, as well as for storing your spare parts, screws and small accessories.
- Simple, fast and easy to hang on the rail for fixing plastic containers.
- Three colours are available: green, blue and red.
- The stackable bins, standard Europe, have a cut-out front panel to allow instant visualization of the products but also to facilitate their entry.
