

SECURITY GAME

Group game

Interesting and fun, this learning through play method promotes everyone's involvement with maximum efficiency. It allows each person to discover the need to implement new evidence and makes it easier to transpose them in their professional everyday lives.

The realisation that everyone is responsible for improving safety comes naturally.

Principle of the training

Average duration: 1.5-2 hours

The participants familiarise themselves with the safety approach by analysing actual dangerous situations and become experts in PPE and the relationship between injuries and PPE.

- 6 operating modes are already included in the game box (code 810111) and digital animation on USB key
