

QUALIPOST 2200 ERGO

Electrical and ergonomic industrial workstation

WORKSHOP FURNITURE

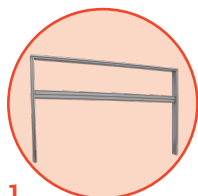

The **ergonomically adjustable** | QUALIPOST 2200 ERGO height-adjustable is designed to provide better working conditions in workshops.

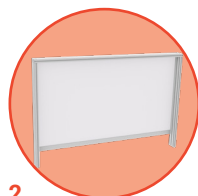

Multi-functional, flexible and customisable, this electric workstation quickly changes height and allows the operator to choose between several working positions: sitting, standing or sit-stand position.

- Easy and quick adjustment thanks to its remote control fixed under the tray. Possibility of memorizing 4 positions.
- Many compatible QUALIPOST 600 accessories.
- **Fixing kit for rear panel on QUALIPOST 2200 ERGO sold separately (code 511219), to be ordered with the back panel.**
- **Fixing kit for drawer 531200, 531205 and 531206 on the frame sold separately (code 511220), to be ordered with the drawer**
